ANOTHER YOUNGER SUIT

Ask That Deed to Simmons Be Set Aside and Title Vested in Plaintiff Under Sheriff's Deed.

A suit was filed Thursday by Attorneys I. K. Alderman and M. E. Ford for Rockwell Bros. & Co. of Texas against Joseph A. and Carrie M. Younger, O. A. Simmons and the Elmo Improvement and Business company. This is another one of the Younger suits, there being several in circuit court here.

The petition states that Joseph Younger delivered to the plaintiff his promissory note on October 21, 1909, for the sum of $580.55, and the note was due April 12, 1911, and being unpaid suit was filed in the circuit court here and judgment rendered in favor of the plaintiff and against the defendant, Younger, for the sum of $742.11. Then a sheriff's sale was held and the sheriff sold all of the title and interest of the said Younger to lot 21, in block 1, lots 9 and 10 and one-half of the west wall and all that part of lot 11 lying west of the west wall of the building, and lot 15 and forty feet off the south end of lot 14, in block 4, all in Elmo. The property was purchased by the plaintiff at the sheriff's sale and he received a sheriff's deed to the property.

Plaintiff further states that the defendants, Joseph A. and Carrie M. Younger, conspired and confederated together for the purpose of cheating and defrauding the creditors of Younger, and organized the Elmo Improvement and Business company, and transferred and conveyed all of the above described property to it, and the record title was in said company at the time of the sale, but the plaintiff says that Joseph A. Younger was at that time the real owner of said property; that the deeds to said company were fraudulent and void; and that the company was organized for the purpose of perpetrating a fraud.

On February 15, 1912, according to the petition, the Elmo Improvement and Business company executed a general warranty deed to all of the same property to O. A. Simmons, whereby it purported to convey property to Simmons for a loan of $8,200 to Younger and is not the debt of the company; that said debt was executed without any authority of the board of directors of the said company and without any authority of the said stockholders.

The plaintiff asks that the deed to Simmons be cancelled; that the title to the property be divested out of the Elmo Improvement and Business company and be vested in the plaintiff.

Another suit filed Thursday was by Cook, Cummins & Dawson for A. H. Garrett of Clearmont against John H. Caldwell. It is for a note of $500.

The Leiber estates, owners of the buildings where H. T. Crane and the Kessler 10-cent store are located, is making plans to put in a new store front and also make other improvements in these buildings. Work will probably commence about the first of April.

An addition to the second story of the Kessler building is to be built back to the alley and this room will be used by that store. An elevator will be put in so as to have easy access to the second story. The first part of the second story will probably be occupied by the Dietz & Keck tailoring establishment, who are now located there.

HE CAN MARRY PEOPLE.

Rev. Henry M. Baker of Hopkins Has Had the Impression That He Had No Legal Right to Perform Ceremonies.

Rev. Henry M. Baker, pastor of the Christian church at Hopkins, who has been laboring under the impression that he had no legal right to perform wedding ceremonies on account of not being a naturalized citizen of the United States, has discovered that he is given the authority by a later act of the legislature. In 1909, under a section in the statute, Rev. Baker was barred from performing such ceremonies, but under a new law, passed by the legislature of 1911, he is given authority to solemnize the marriage vows and can tie the nuptial knot.

HEAD BLOWN OFF

WILLIAM FERGUSON COMMITS SUICIDE BY SHOOTING.

HAD BEEN AT HOSPITAL

Placed Muzzle of Gun to Back of Head and Reached Back to Pull Trigger—Had Watched Him.

William Ferguson, aged 37 years, committed suicide Thursday morning at 5:30 o'clock at the home of his mother, Mrs. L. C. Ferguson, living four and a half miles east of Burlington Junction.

Mr. Ferguson was in good physical health, and although he had been acting strangely for a week, so that his mother and brothers had been watching him, there is no cause known for his act.

Perry Moore, a cousin of Mr. Ferguson, and who lived there, was his roommate. Thursday morning Moore got up at 5:30 o'clock and went downstairs to attend to the morning work. In about fifteen minutes he heard the report of a gun from upstairs and in company with Mrs. Ferguson, the mother, who was the only other person in the house, went upstairs to see what was the matter.

They found that William Ferguson had secured the shotgun, and placing the muzzle of the gun at the back of his head, had reached back and pulled the trigger with his thumb or finger. The discharge of the gun terribly mutilated the man's head.

Relatives and physicians were at once sent for, and Dr. Wm. Wallis, Jr., of Maryville, the coroner, was summoned. The shock of the deed has proven serious to the mother and brothers.

No arrangements have yet been made for the funeral services. Those surviving are the mother and five brothers and three sisters, who are: James Ferguson, living in Idaho; Thomas Ferguson, in Colorado; R. P. B. K. and C. P. Ferguson of Burlington Junction, and Mrs. W. E. Nicholas and Mrs. Jeff Graves of Burlington Junction and Mrs. Nettie Gray of Pickering.

We understand that the dead man had been at the St. Joseph hospital some time ago for treatment, and it is not thought that he had entirely recovered from the illness that affected him mentally.

A coroner's inquest was held and the verdict of the jury was that William Ferguson had taken his own life.

A FINE IF YOU SAY I'LL BUY.

Missouri Bill Would Make Treating Cost Treater $25—Drys Take Several Shots at Liquor.

Jefferson City Jan. 22.—The drys had their round in the house yesterday afternoon. When the gong rang the strong drink traffic in Missouri was hanging to the ropes in a very wobbly condition.

Representative Moore of Barton opened with an uppercut at the treating habit. If Mr. Moore's bill becomes a law it will cost just $25 to say: "Come and have one with me." Treating in any form or fashion in a saloon is prohibited.

Right back at the strong drink traffic came Representative Snodgrass of Cedar with a measure providing another $25 fine for "rushing the can." There was no cessation. In less than an hour forty bills, all aimed at the liquor traffic in Missouri, had been introduced. One bill provides a $25 fine for any candidate that gave away a cigar or drink.

Other measures gave the prosecuting attorney "inquisitorial powers" in dry counties. Another measure made any violation of the liquor law in a dry county a felony with a prison term attached. Another bill made the possession of a government liquor license in a dry county prima facie evidence of guilt. Another bill provided a $2,500 penalty for any newspaper or other publication that carried a liquor advertisement.

Representative E. L. Moore of Barton county introduced most of the bills.

Over Thirty Thousand Dollars in Dirt.

Hopkins real estate has been changing hands quite lively of late.

W. L. Robb has sold 160 acres of his west farm to Wayne Ingram at $10,000, and forty acres off the same farm to George Edwards at $2,300.

He no sooner closed these deals than he turned around and sold John King his east eighty for $6,800.

Mr. Robb has quite a large tract of land left which he expects to dispose of. Some say he has the Florida fever.

Jack Gray, east of town, sold his north forty to Charley Hanna at $50 an acre.

Sam Robbins has bought the Wm. French property at $1,400, and Ed Hedinger and Walter Morehouse closed a deal this week for the Jakey Ingram 112-acre farm, west of town, the consideration being around ten thousand dollars, so you see times around Hopkins are not as "quiet" as many imagine.—Hopkins Journal.

FOR DANDRUFF, FALLING HAIR OR ITCHY SCALP--25 CENT "DANDERINE"

SAVE YOUR HAIR! DANDERINE DESTROYS DANDRUFF AND STOPS FALLING HAIR AT ONCE—GROWS HAIR, WE PROVE IT.

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous you must use Danderine, because nothing else accomplishes so much for the hair.

Just one application of Knowlton's Danderine will double the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, don't hesitate, but get a 25-cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now? A 25-cent bottle will truly amaze you.—Advertisement.

MUST MAINTAIN NATION'S HONOR

Senator O'Gorman Argues for Full Control of Panama Canal.

TAKES ISSUE WITH ROOT.

Junior New York Senator Opens Fight Against Repeal of Free Toll Provision—Surrender of Domestic Policy to Foreign Dictation Is Wrong.

Washington, Jan. 23.—"We would create a painful impression abroad if this mighty nation should surrender to the influence of any foreign power its domestic policies and the control of its domestic commerce. That we can never do and maintain the prestige, the honor and the glory of this republic."

This reply by Senator O'Gorman to Senator Root marked the opening in the senate of the fight against the Root amendment for the repeal of the free passage provision of the new Panama canal act.

"If Great Britain had expended $500,000,000 in an enterprise affecting its people as the Panama canal does ours, what would be its attitude if the United States should make complaint against its action?" he asked.

Arbitration Treaty Not Binding.

Senator O'Gorman replied directly to Senator Root's declaration that the United States was bound by the solemn pledges of its treaties to submit to arbitration the Panama controversy. He declared the latest arbitration treaty negotiated with Great Britain had been defeated in the senate, while those now in force explicitly exempted from arbitration questions involving the national honor or vital interests of the United States.

Senator O'Gorman was followed by Senator Newlands, who also asserted that the United States held domestic rights at Panama which a foreign power could not dispute. He proposed that the free passage provision remain in the bill, but that the objections of Great Britain be met by an amendment whereby the United States government would pay the tolls remitted upon American coastwise shipping.

"All that foreign nations have the right to insist upon," said Senator Newlands, "is that charges which American ships are freed from shall not be imposed upon foreign shipping."

Senator Newlands declared the American transcontinental railroads were trying, with the aid of Canadian roads, to "paralyze the canal." He said American roads first tried to prevent the construction and then to restrict the operation of the canal. Failing in that, he said, they had appealed to their "strong neighbor in the north, also interested in monopolizing transcontinental transportation." This activity, he declared, had been followed by a Canadian appeal to the British government.

Senator Martine (N. J.) also spoke against the proposal to repeal the free toll provision.

"It comes with bad grace for Great Britain to demand arbitration," he said, "when its whole history has been one of greed and avarice in dealing with the world."

The Democratic forces in the house and senate are divided over the question, notwithstanding the declarations of the national platform. An attempt in the senate to bring about a change in the law at this session probably will open a fight more bitter than that which attended the original passage of the canal law.

TORCH BEARER CONFESSES

"Arson Notes" Are Turned Over to Chicago Grand Jury.

Chicago, Jan. 23.—A former "torch bearer" for the alleged arson ring added his confession to those already obtained by the state's attorney. The man, according to the prosecutor, detailed his exploits and produced promissory notes which he said had been given him by business men for his "work" in starting fires.

A business man whose name was on several of the notes to the amount of $1,500 was questioned by the state's attorney. He admitted signing the notes, but denied that they were for burning his building.

Wool Shippers Refused Reparation.

Washington, Jan. 23.—Hundreds of thousands of dollars in reparation on shipments of wool and mohair from Pacific coast and Rocky mountain points to the east were denied to shippers by the interstate commerce commission. In its decision the commission reserved the question of granting reparation, requested by shippers on all shipments during the period from two years prior to the filing of the complaint until the date the reduced rates became effective. The commission hold that reparation would be granted only for shipments under the old rate after the date of the commission's findings.

Cotton Goods Duty Will Be Reduced.

Washington, Jan. 23.—The tariff rates on cotton manufacturers may be cut to a minimum of 5 per cent ad valorem on some products by the Democratic tariff revision program. That was the development after the ways and means committee had heard witnesses representing the cotton industry in both the northern and southern states.

AFTER A HYDE VENIREMAN

Winton Accused of Trying to Prevent Physician's Conviction.

Kansas City, Jan. 23.—An affidavit charging that one of the veniremen chosen for the third trial of Dr. B. Clarke Hyde, accused of the murder of Colonel Thomas H. Swope, had said the physician never would be convicted because the venireman and Hyde belong to the same secret order, was introduced in the trial by Prosecutor Floyd Jacobs.

Ralph Brackney of Kansas City made the affidavit, saying the venireman, George Winton, a baker, had made the statement to him.

Brackney reminded Winton that he might not be chosen as one of the twelve jurors.

"Oh, I'll get on all right," was Winton's reply, according to Brackney's statement.

Judge Porterfield instructed the prosecutor to have Brackney in court.

Thirty-six of the forty-seven veniremen have been selected.

The mother had not seen the child for seven years, the Sorensons having taken her away with them from Los Angeles. She only recently found the girl, who disappeared again a week ago. Sorenson believes the girl may have gone to Kansas City. A search will be conducted there. She said she did not want to return with her mother.

The report is to be made to the house tomorrow and will be taken up as a special order of business Saturday. The senate referred its contests to a committee composed of two Republicans and one Democrat, with instructions to report Jan. 27, the day before the vote on the senatorial candidates will be taken.

CASCARETS CLEANSE LIVER AND BOWELS

The Millions of Cascaret Users Never Have Headache, Constipation, Biliousness or Sick Headache.

It is more necessary that you keep your Bowels, Liver and Stomach clean, pure and fresh than it is to keep the sewers and drainage of a large city free from obstruction.

Are you keeping clean inside with Cascarets—or merely forcing a passageway every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system the poison in the intestines and bowels.

No odds how badly and upset you feel, a Cascaret tonight will straighten you out by morning. They work while you sleep. A 10-cent box from your druggist will keep your head clear, stomach sweet and your liver and bowels regular for months. Don't forget the children—their little insides need a good, gentle cleansing, too.—Advertisement.

A PRUDENT PRINCESS.

A Story Told of Alonzo Thompson, Denver's "Best Dressed Man," by a Chicago Reporter.

The Chicago Record-Herald of Sunday, under the caption of "Little Anecdotes of the Week," had the following:

Alonzo Thompson, justly known as "Denver's best dressed young man," is to inherit from his father either $5 or $5,000,000, according as he succeeds or fails in business.

"It's hard to tell," said Thompson the other day, "whether I am to go through life like the old prince or like the young prince.

"There's a story, you know, about a prudent princess and two royal suitors. When it was announced that the princess had reached a marriageable age two princely suitors presented themselves at court.

"The first was very old and very rich. He knelt on a rheumatic knee, kissed the princess' slim white hand, and wheezed:

"'Ah, I would die for you!'

"The princess smiled. 'Stand aside,' she said, and there was no displeasure in her voice.

"Then the second suitor stepped forth. He was very young, very handsome and very poor. Kneeling with gallant grace, he kissed the princess' hand in his turn and said:

"'Ah, I would live for you!'

"And again the princess smiled.

"'I am yours,' she said, and at the same time she beckoned to the old prince to draw near again. 'I am yours—just as soon as this old gentleman dies for me.'"

A Good Entertainment.

The entertainment given at the First Christian church Wednesday night by the Giddings Family Concert company, under the auspices of the graduating class of the Maryville Business college, was well attended and merited the enthusiastic applause given each number. The child soprano singer, Mildred Giddings, was the star of the evening. Her rendering of "Golden Sails," from the light opera "The Yankee Prince" was splendidly done. She is but 10 years old.

The President.

The president of the United States has nothing whatever to do with the making of the laws of the individual states or of the United States. He is purely and simply the national executive, his business being to carry out the laws that are made by the congress. In order to be able to make laws the president would need to be an absolute monarch, like the czar of Russia or the Sultan of Turkey. As it is, he is simply the head servant of the people, with his duties clearly laid down in the constitution, and from which he cannot deviate. Instead of making the laws the laws are made by the legislative servants of the people for him to execute.

BIG TIM SULLIVAN ADJUDGED INSANE

Is Suffering From "Maniacal Depressive Insanity."

KNOWN AS FRIEND OF POOR.

Four Physicians Pronounce Congressman Elect From New York City Incapable of Taking Care of His Property, Estimated to Be Worth Million.

New York, Jan. 23.—Timothy D. Sullivan, congressman elect from this city, was adjudged an incompetent by a sheriff's jury. Four physicians pronounced him incapable of taking care of his property, which is estimated to be worth about $1,000,000.

Mr. Sullivan has been a pateint at a private sanitarium since last September. He is suffering from "maniacal depressive insanity," according to one of the medical witnesses.

In the east side, where Sullivon was born fifty years ago and where he built up a strong political machine, he is known as "Big Tim." He is known as the friend of the poor and it is said he never turned a begging hand away without a coin.

OIL KING NOT TO TESTIFY

Rockefeller's Physician Insists Patient Is Too Weak.

Washington, Jan. 23.—Dr. Walter F. Chappell, personal physician of William Rockefeller, appeared before the house money trust committee to say that his patient was in a condition that would prevent his examination as a witness.

Dr. Chappell said Mr. Rockefeller was subject to spasms of the larynx, which cut off the air from his lungs. The spasms were brought about by excitement, he said.

Dr. Chappell said that when Dr. C. W. Richardson examined Mr. Rockefeller the committee's specialist could not know of the "laryngeal spasms" from which he suffered.

Chairman Pujo offered other members of the committee an opportunity to examine Dr. Chappell. Representative Neely of Kansas said:

"I have no question to ask, but I shall probably have a statement to make later. This is the most extraordinary proceeding."

"Do you think if several members of the committee went to Mr. Rockefeller and had the representatives sit at his elbow and examined him with the utmost courtesy he could stand a brief examination?" asked Representative Neely.

"No. I should advise against it. The possible effect of bringing on one of those spasms would forbid it, in my mind," said Dr. Chappell.

To Probe Illegal Use of Passes.

Washington, Jan. 23.—Improper and illegal use of the railroad passes is being investigated by the interstate commerce commission. The inquiry has proceeded far enough to show, in the language of the commission, that "carriers have very generally obeyed the letter of the law," but it is indicated that "the issuance of passes for state travel has operated to defeat the purpose of the act to regulate commerce; that passes for state travel have been issued to certain shippers and denied to others."

Dissolution Proceeding Slowly.

Washington, Jan. 23.—Nothing definite has yet been accomplished in the negotiations between the government and the Union Pacific and Southern Pacific railroads for the dissolution of the merger of these two roads, said Attorney General Wickersham. The plan now under consideration is believed to involve the question of separating the Central Pacific from the Southern Pacific, by which it is owned and turning it over to the Union Pacific, giving that road an extension.

Premier Called Traitor by Suffragists

London, Jan. 23.—A small sample of the bitter feeling which will be loosed when the house of commons begins tomorrow the debate on the amendments to the franchise reform bill was given. Shouts of "Traitor! Traitor!" were heard because the premier refused to allow the suffragette amendments to the bill to be debated without any restrictions as to time.

Kicks at Chair; Meets Death.

Battle Creek, Mich., Jan. 23.—A kick at a chair over which he had stumbled caused the death of Chris Wagner. He went to fix the kitchen fire for the night and stumbled over the chair. Washington, Jan. 23.—Representative Kinkaid stated that he had the assurance of the president that the bill throwing open to settlement a portion of the abandoned Fort Niobrara military reservation would be signed by him when it reached the White House. The bill has recently passed the senate.

Mr. Kinkaid appeared before the committee on agriculture in a hearing on his bill to amend the law relating to adulterated butter. Under the present law many small creameries, not only in Nebraska, but in Iowa, Minnesota and other northwestern states, have been subjected to severe penalties by the internal revenue office because their butter has been shown to contain more than 16 per cent of moisture. Representatives of many states have been trying to secure an amendment to the law, which is alleged to be unduly harsh, as it subjects violaters to a penalty of $500 for each offense, even when committed unknowingly.

MRS. McGILL BROKE DOWN

Gives the Real Facts In Regard to Her Case and Tells How She Suffered.

Jonesboro, Ark.—"I suffered a complete break down in health, some time ago," writes Mrs. A. McGill, from this place. "I was very weak and could not do any work. I tried different remedies, but they did me no good.

One day, I got a bottle of Cardui. It did me so much good, I was surprised, and took some more.

Before I took Cardui, I had headache and backache, and sometimes I would cry for hours. Now I am over all that, and can do all kinds of housework. I think it is the greatest medicine on earth."

In the past fifty years, thousands of ladies have written, like Mrs. McGill, to tell of the benefit received from Cardui.

Such testimony, from earnest women, surely indicates the great value of this tonic remedy, for diseases peculiar to women. Are you a sufferer? Yes? Cardui is the medicine you need. We urge you to try it.

ANOTHER YOUNGER SUIT

Ask That Deed to Simmons Be Set Aside and Title Vested in Plaintiff Under Sheriff's Deed.

A suit was filed Thursday by Attorneys I. K. Alderman and M. E. Ford against Joseph A. and Carrie M. Younger, O. A. Simmons and the Elmo Improvement and Business company. This is another one of the Younger suits, there being several in circuit court here.

The petition states that Joseph Younger delivered to the plaintiff his promissory note on October 21, 1909, for the sum of $580.55, and the note was due April 12, 1911, and being unpaid suit was filed in the circuit court here and judgment rendered in favor of the plaintiff and against the defendant, Younger, for the sum of $742.11. Then a sheriff's sale was held and the sheriff sold all of the title and interest of the said Younger to lot 21, in block 1, lots 9 and 10 and one-half of the west wall and all that part of lot 11 lying west of the west wall of the building, and lot 15 and forty feet off the south end of lot 14, in block 4, all in Elmo. The property was purchased by the plaintiff at the sheriff's sale and he received a sheriff's deed to the property.

Plaintiff further states that the defendants, Joseph A. and Carrie M. Younger, conspired and confederated together for the purpose of cheating and defrauding the creditors of Younger, and organized the Elmo Improvement and Business company, and transferred and conveyed all of the above described property to it, and the record title was in said company at the time of the sale, but the plaintiff says that Joseph A. Younger was at that time the real owner of said property; that the deeds to said company were fraudulent and void; and that the company was organized for the purpose of perpetrating a fraud.

On February 15, 1912, according to the petition, the Elmo Improvement and Business company executed a general warranty deed to all of the same property to O. A. Simmons, whereby it purported to convey property to Simmons for a loan of $8,200 to Younger and is not the debt of the company; that said debt was executed without any authority of the board of directors of the said company and without any authority of the said stockholders.

The plaintiff asks that the deed to Simmons be cancelled; that the title to the property be divested out of the Elmo Improvement and Business company and be vested in the plaintiff.

Another suit filed Thursday was by Cook, Cummins & Dawson for A. H. Garrett of Clearmont against John H. Caldwell. It is for a note of $500.

HE CAN MARRY PEOPLE.

Rev. Henry M. Baker of Hopkins Has Had the Impression That He Had No Legal Right to Perform Ceremonies.

Rev. Henry M. Baker, pastor of the Christian church at Hopkins, who has been laboring under the impression that he had no legal right to perform wedding ceremonies on account of not being a naturalized citizen of the United States, has discovered that he is given the authority by a later act of the legislature. In 1909, under a section in the statute, Rev. Baker was barred from performing such ceremonies, but under a new law, passed by the legislature of 1911, he is given authority to solemnize the marriage vows and can tie the nuptial knot.

HEAD BLOWN OFF

WILLIAM FERGUSON COMMITS SUICIDE BY SHOOTING.

HAD BEEN AT HOSPITAL

Placed Muzzle of Gun to Back of Head and Reached Back to Pull Trigger—Had Watched Him.

William Ferguson, aged 37 years, committed suicide Thursday morning at 5:30 o'clock at the home of his mother, Mrs. L. C. Ferguson, living four and a half miles east of Burlington Junction.

Mr. Ferguson was in good physical health, and although he had been acting strangely for a week, so that his mother and brothers had been watching him, there is no cause known for his act.

Perry Moore, a cousin of Mr. Ferguson, and who lived there, was his roommate. Thursday morning Moore got up at 5:30 o'clock and went downstairs to attend to the morning work. In about fifteen minutes he heard the report of a gun from upstairs and in company with Mrs. Ferguson, the mother, who was the only other person in the house, went upstairs to see what was the matter.

They found that William Ferguson had secured the shotgun, and placing the muzzle of the gun at the back of his head, had reached back and pulled the trigger with his thumb or finger. The discharge of the gun terribly mutilated the man's head.

Relatives and physicians were at once sent for, and Dr. Wm. Wallis, Jr., of Maryville, the coroner, was summoned. The shock of the deed has proven serious to the mother and brothers.

No arrangements have yet been made for the funeral services. Those surviving are the mother and five brothers and three sisters, who are: James Ferguson, living in Idaho; Thomas Ferguson, in Colorado; R. P. B. K. and C. P. Ferguson of Burlington Junction, and Mrs. W. E. Nicholas and Mrs. Jeff Graves of Burlington Junction and Mrs. Nettie Gray of Pickering.

We understand that the dead man had been at the St. Joseph hospital some time ago for treatment, and it is not thought that he had entirely recovered from the illness that affected him mentally.

A coroner's inquest was held and the verdict of the jury was that William Ferguson had taken his own life.

A FINE IF YOU SAY I'LL BUY.

Missouri Bill Would Make Treating Cost Treater $25—Drys Take Several Shots at Liquor.

Jefferson City Jan. 22.—The drys had their round in the house yesterday afternoon. When the gong rang the strong drink traffic in Missouri was hanging to the ropes in a very wobbly condition.

Representative Moore of Barton opened with an uppercut at the treating habit. If Mr. Moore's bill becomes a law it will cost just $25 to say: "Come and have one with me." Treating in any form or fashion in a saloon is prohibited.

Right back at the strong drink traffic came Representative Snodgrass of Cedar with a measure providing another $25 fine for "rushing the can." There was no cessation. In less than an hour forty bills, all aimed at the liquor traffic in Missouri, had been introduced. One bill provides a $25 fine for any candidate that gave away a cigar or drink.

Other measures gave the prosecuting attorney "inquisitorial powers" in dry counties. Another measure made any violation of the liquor law in a dry county a felony with a prison term attached. Another bill made the possession of a government liquor license in a dry county prima facie evidence of guilt. Another bill provided a $2,500 penalty for any newspaper or other publication that carried a liquor advertisement.

Representative E. L. Moore of Barton county introduced most of the bills.

Over Thirty Thousand Dollars in Dirt.

Hopkins real estate has been changing hands quite lively of late.

W. L. Robb has sold 160 acres of his west farm to Wayne Ingram at $10,000, and forty acres off the same farm to George Edwards at $2,300.

He no sooner closed these deals than he turned around and sold John King his east eighty for $6,800.

Mr. Robb has quite a large tract of land left which he expects to dispose of. Some say he has the Florida fever.

Jack Gray, east of town, sold his north forty to Charley Hanna at $50 an acre.

Sam Robbins has bought the Wm. French property at $1,400, and Ed Hedinger and Walter Morehouse closed a deal this week for the Jakey Ingram 112-acre farm, west of town, the consideration being around ten thousand dollars, so you see times around Hopkins are not as "quiet" as many imagine.—Hopkins Journal.

Now here it is in black and white.
Something fierce; you have it right!
Taxi fare and tip to driver
Got away with one whole.....$ 5.00
Tickets, second row (quite nifty)
Also opera glass 3.50
Hat checks, tips to sundry gents
Cost the whole of..... .40
And then a feed at *Rector's.
Shucks!
I wish I'd kept those..... 7.00
When we came out I did contrive
To slip the doorman..... .65
And then a small bouquet I
bought 'er—
For that I only coughed..... .25

FOR DANDRUFF, FALLING HAIR OR ITCHY SCALP--25 CENT "DANDERINE"

SAVE YOUR HAIR! DANDERINE DESTROYS DANDRUFF AND STOPS FALLING HAIR AT ONCE—GROWS HAIR, WE PROVE IT.

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous you must use Danderine, because nothing else accomplishes so much for the hair.

Just one application of Knowlton's Danderine will double the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, don't hesitate, but get a 25-cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now? A 25-cent bottle will truly amaze you.—Advertisement.

MUST MAINTAIN NATION'S HONOR

Senator O'Gorman Argues for Full Control of Panama Canal.

TAKES ISSUE WITH ROOT.

Junior New York Senator Opens Fight Against Repeal of Free Toll Provision—Surrender of Domestic Policy to Foreign Dictation Is Wrong.

Washington, Jan. 23.—"We would create a painful impression abroad if this mighty nation should surrender to the influence of any foreign power its domestic policies and the control of its domestic commerce. That we can never do and maintain the prestige, the honor and the glory of this republic."

This reply by Senator O'Gorman to Senator Root marked the opening in the senate of the fight against the Root amendment for the repeal of the free passage provision of the new Panama canal act.

"If Great Britain had expended $500,000,000 in an enterprise affecting its people as the Panama canal does ours, what would be its attitude if the United States should make complaint against its action?" he asked.

Arbitration Treaty Not Binding.

Senator O'Gorman replied directly to Senator Root's declaration that the United States was bound by the solemn pledges of its treaties to submit to arbitration the Panama controversy. He declared the latest arbitration treaty negotiated with Great Britain had been defeated in the senate, while those now in force explicitly exempted from arbitration questions involving the national honor or vital interests of the United States.

Senator O'Gorman was followed by Senator Newlands, who also asserted that the United States held domestic rights at Panama which a foreign power could not dispute. He proposed that the free passage provision remain in the bill, but that the objections of Great Britain be met by an amendment whereby the United States government would pay the tolls remitted upon American coastwise shipping.

"All that foreign nations have the right to insist upon," said Senator Newlands, "is that charges which American ships are freed from shall not be imposed upon foreign shipping."

Senator Newlands declared the American transcontinental railroads were trying, with the aid of Canadian roads, to "paralyze the canal." He said American roads first tried to prevent the construction and then to restrict the operation of the canal. Failing in that, he said, they had appealed to their "strong neighbor in the north, also interested in monopolizing transcontinental transportation." This activity, he declared, had been followed by a Canadian appeal to the British government.

Senator Martine (N. J.) also spoke against the proposal to repeal the free toll provision.

"It comes with bad grace for Great Britain to demand arbitration," he said, "when its whole history has been one of greed and avarice in dealing with the world."

The Democratic forces in the house and senate are divided over the question, notwithstanding the declarations of the national platform. An attempt in the senate to bring about a change in the law at this session probably will open a fight more bitter than that which attended the original passage of the canal law.

TORCH BEARER CONFESSES

"Arson Notes" Are Turned Over to Chicago Grand Jury.

Chicago, Jan. 23.—A former "torch bearer" for the alleged arson ring added his confession to those already obtained by the state's attorney. The man, according to the prosecutor, detailed his exploits and produced promissory notes which he said had been given him by business men for his "work" in starting fires.

A business man whose name was on several of the notes to the amount of $1,500 was questioned by the state's attorney. He admitted signing the notes, but denied that they were for burning his building.

Wool Shippers Refused Reparation.

Washington, Jan. 23.—Hundreds of thousands of dollars in reparation on shipments of wool and mohair from Pacific coast and Rocky mountain points to the east were denied to shippers by the interstate commerce commission. In its decision the commission reserved the question of granting reparation, requested by shippers on all shipments during the period from two years prior to the filing of the complaint until the date the reduced rates became effective. The commission held that reparation would be granted only for shipments under the old rate after the date of the commission's findings.

Cotton Goods Duty Will Be Reduced.

Washington, Jan. 23.—The tariff rates on cotton manufacturers may be cut to a minimum of 5 per cent ad valorem on some products by the Democratic tariff revision program. That was the development after the ways and means committee had heard witnesses representing the cotton industry in both the northern and southern states.

AFTER A HYDE VENIREMAN

Winton Accused of Trying to Prevent Physician's Conviction.

Kansas City, Jan. 23.—An affidavit charging that one of the veniremen chosen for the third trial of Dr. B. Clarke Hyde, accused of the murder of Colonel Thomas H. Swope, had said the physician never would be convicted because the venireman and Hyde belong to the same secret order, was introduced in the trial by Prosecutor Floyd Jacobs.

Ralph Brackney of Kansas City made the affidavit, saying the venireman, George Winton, a baker, had made the statement to him.

Brackney reminded Winton that he might not be chosen as one of the twelve jurors.

"Oh, I'll get on all right," was Winton's reply, according to Brackney's statement.

Judge Porterfield instructed the prosecutor to have Brackney in court.

Thirty-six of the forty-seven veniremen have been selected.

TO SEARCH FOR LOST GIRL

Child Who Disappeared From St. Joseph May Be in Kansas City.

St. Joseph, Mo., Jan. 23.—Henry Sorenson, who was sent to jail for contempt for failing to produce in court Alice Greenleaf, thirteen years old, daughter of Mrs. Alice Hollingsworth of Los Angeles, Cal., was released on promise to continue his search for the girl.

The mother had not seen the child for seven years, the Sorensons having taken her away with them from Los Angeles. She only recently found the girl, who disappeared again a week ago. Sorenson believes the girl may have gone to Kansas City. A search will be conducted there. She said she did not want to return with her mother.

State Officers at Washington.

Washington, Jan. 23.—Attorney General John Barker, State Treasurer Edwin P. Deal and State Auditor John P. Gordon, who are in charge of the sale of the Missouri state capitol bonds, stopped in Washington on their way to New York. They called on Speaker Clark, Senator Stone and other members of the Missouri delegation in congress.

The report is to be made to the house tomorrow and will be taken up as a special order of business Saturday. The senate referred its contests to a committee composed of two Republicans and one Democrat, with instructions to report Jan. 27, the day before the vote on the senatorial candidates will be taken.

CASCARETS CLEANSE LIVER AND BOWELS

The Millions of Cascaret Users Never Have Headache, Constipation, Biliousness or Sick Headache.

It is more necessary that you keep your Bowels, Liver and Stomach clean, pure and fresh than it is to keep the sewers and drainage of a large city free from obstruction.

Are you keeping clean inside with Cascarets—or merely forcing a passageway every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system the poison in the intestines and bowels.

No odds how badly and upset you feel, a Cascaret tonight will straighten you out by morning. They work while you sleep. A 10-cent box from your druggist will keep your head clear, stomach sweet and your liver and bowels regular for months. Don't forget the children—their little insides need a good, gentle cleansing, too.—Advertisement.

A PRUDENT PRINCESS.

A Story Told of Alonzo Thompson, Denver's "Best Dressed Man," by a Chicago Reporter.

The Chicago Record-Herald of Sunday, under the caption of "Little Anecdotes of the Week," had the following:

Alonzo Thompson, justly known as "Denver's best dressed young man," is to inherit from his father either $5 or $5,000,000, according as he succeeds or fails in business.

"It's hard to tell," said Thompson the other day, "whether I am to go through life like the old prince or like the young prince.

"There's a story, you know, about a prudent princess and two royal suitors. When it was announced that the princess had reached a marriageable age two princely suitors presented themselves at court.

"The first was very old and very rich. He knelt on a rheumatic knee, kissed the princess' slim white hand, and wheezed:

"'Ah, I would die for you!'

"The princess smiled. 'Stand aside,' she said, and there was no displeasure in her voice.

"Then the second suitor stepped forth. He was very young, very handsome and very poor. Kneeling with gallant grace, he kissed the princess' hand in his turn and said:

"'Ah, I would live for you!'

"And again the princess smiled.

"'I am yours,' she said, and at the same time she beckoned to the old prince to draw near again. 'I am yours—just as soon as this old gentleman dies for me.'"

A Good Entertainment.

The entertainment given at the First Christian church Wednesday night by the Giddings Family Concert company, under the auspices of the graduating class of the Maryville Business college, was well attended and merited the enthusiastic applause given each number. The child soprano singer, Mildred Giddings, was the star of the evening. Her rendering of "Golden Sails," from the light opera "The Yankee Prince" was splendidly done. She is but 10 years old.

The President.

The president of the United States has nothing whatever to do with the making of the laws of the individual states or of the United States. He is purely and simply the national executive, his business being to carry out the laws that are made by the congress. In order to be able to make laws the president would need to be an absolute monarch, like the czar of Russia or the Sultan of Turkey. As it is, he is simply the head servant of the people, with his duties clearly laid down in the constitution, and from which he cannot deviate. Instead of making the laws the laws are made by the legislative servants of the people for him to execute.

BIG TIM SULLIVAN ADJUDGED INSANE

Is Suffering From "Maniacal Depressive Insanity."

KNOWN AS FRIEND OF POOR.

Four Physicians Pronounce Congressman Elect From New York City Incapable of Taking Care of His Property, Estimated to Be Worth Million.

New York, Jan. 23.—Timothy D. Sullivan, congressman elect from this city, was adjudged an incompetent by a sheriff's jury. Four physicians pronounced him incapable of taking care of his property, which is estimated to be worth about $1,000,000.

Mr. Sullivan has been a pateint at a private sanitarium since last September. He is suffering from "maniacal depressive insanity," according to one of the medical witnesses.

In the east side, where Sullivon was born fifty years ago and where he built up a strong political machine, he is known as "Big Tim." He is known as the friend of the poor and it is said he never turned a begging hand away without a coin.

OIL KING NOT TO TESTIFY

Rockefeller's Physician Insists Patient Is Too Weak.

Washington, Jan. 23.—Dr. Walter F. Chappell, personal physician of William Rockefeller, appeared before the house money trust committee to say that his patient was in a condition that would prevent his examination as a witness.

Dr. Chappell said Mr. Rockefeller was subject to spasms of the larynx, which cut off the air from his lungs. The spasms were brought about by excitement, he said.

Dr. Chappell said that when Dr. C. W. Richardson examined Mr. Rockefeller the committee's specialist could not know of the "laryngeal spasms" from which he suffered.

Chairman Pujo offered other members of the committee an opportunity to examine Dr. Chappell. Representative Neely of Kansas said:

"I have no question to ask, but I shall probably have a statement to make later. This is the most extraordinary proceeding."

"Do you think if several members of the committee went to Mr. Rockefeller and had the representatives sit at his elbow and examined him with the utmost courtesy he could stand a brief examination?" asked Representative Neely.

"No. I should advise against it. The possible effect of bringing on one of those spasms would forbid it, in my mind," said Dr. Chappell.

To Probe Illegal Use of Passes.

Washington, Jan. 23.—Improper and illegal use of the railroad passes is being investigated by the interstate commerce commission. The inquiry has proceeded far enough to show, in the language of the commission, that "carriers have very generally obeyed the letter of the law," but it is indicated that "the issuance of passes for state travel has operated to defeat the purpose of the act to regulate commerce; that passes for state travel have been issued to certain shippers and denied to others."

Dissolution Proceeding Slowly.

Washington, Jan. 23.—Nothing definite has yet been accomplished in the negotiations between the government and the Union Pacific and Southern Pacific railroads for the dissolution of the merger of these two roads, said Attorney General Wickersham. The plan now under consideration is believed to involve the question of separating the Central Pacific from the Southern Pacific, by which it is owned and turning it over to the Union Pacific, giving that road an extension.

Premier Called Traitor by Suffragists

London, Jan. 23.—A small sample of the bitter feeling which will be loosed when the house of commons begins tomorrow the debate on the amendments to the franchise reform bill was given. Shouts of "Traitor! Traitor!" were heard because the premier refused to allow the suffrazette amendments to the bill to be debated without any restrictions as to time.

Kicks at Chair; Meets Death.

Battle Creek, Mich., Jan. 23.—A kick at a chair over which he had stumbled caused the death of Chris Wagner. He went to fix the kitchen fire for the night and stumbled over the chair. Enraged, he turned around to kick it aside, but missed it in the dark. The force of the kick plunged him head long down an open cellar door, fracturing his spine.

Diamonds Sold at Auction.

New York, Jan. 23.—Cut diamonds weighing 407⅛ carats, smuggled across the Canadian border and confiscated by the government, were sold at auction here by a United States marshal. The government appraisers thought the gems were worth $2,000; they brought $2,513.

Ask Money for Rainmakers.

Berlin, Jan. 23.—An appropriation to assist private experiments in Germany to produce "artificial rain" was asked in a resolution passed by the imperial parliament and adressed to the government. The vote was taken amid scenes of general merriment.

MAY SETTLE FORT NIOBRARA LAND

President Assures Kinkaid He Will Sign His Bill.

Washington, Jan. 23.—Representative Kinkaid stated that he had the assurance of the president that the bill throwing open to settlement a portion of the abandoned Fort Niobrara military reservation would be signed by him when it reached the White House. The bill has recently passed the senate.

Mr. Kinkaid appeared before the committee on agriculture in a hearing on his bill to amend the law relating to adulterated butter. Under the present law many small creameries, not only in Nebraska, but in Iowa, Minnesota and other northwestern states, have been subjected to severe penalties by the internal revenue office because their butter has been shown to contain more than 16 per cent of moisture. Representatives of many states have been trying to secure an amendment to the law, which is alleged to be unduly harsh, as it subjects violaters to a penalty of $500 for each offense, even when committed unknowingly.

GIRLS JUMP FROM TOP STORY

Three Leap From Fifth Floor of Burning Building Into River.

Columbus, O., Jan. 23.—Three girls jumped from the fifth floor of the burning factory building of the Burdell Sweat Pad company into the Scioto river and then swam to shore and safety.

Scores of girls are employed in the factory and when three of them were seen to jump from the fifth floor windows the report became current that several had met death. Firemen, policemen and onlookers rushed to the bank of the river and helped rescue the three girls from the river, which because of heavy rains is at flood height.

Conferees Amend Immigration Bill.

Washington, Jan. 23.—Conferees on the immigration bill agreed to eliminate the certificate of character of the bill, which it was cleamed would bar many Jew immigrants from Russia and Rumania. The conferees did not share the view of those objecting to the clause, but conceded the point in the interest of expedition. Several other minor changes were agreed upon.

MRS. McGILL BROKE DOWN

Gives the Real Facts In Regard to Her Case and Tells How She Suffered.

Jonesboro, Ark.—"I suffered a complete break down in health, some time ago," writes Mrs. A. McGill, from this place. "I was very weak and could not do any work. I tried different remedies, but they did me no good.

One day, I got a bottle of Cardui. It did me so much good, I was surprised, and took some more.

Before I took Cardui, I had headache and backache, and sometimes I would cry for hours. Now I am over all that, and can do all kinds of housework. I think it is the greatest medicine on earth."

In the past fifty years, thousands of ladies have written, like Mrs. McGill, to tell of the benefit received from Cardui.

Such testimony, from earnest women, surely indicates the great value of this tonic remedy, for diseases peculiar to women. Are you a sufferer? Yes? Cardui is the medicine you need. We urge you to try it.
